**WORLD LITERATURE up to the Intermediate II (2013) level or higher (hours vary)**
- _______ (2013)

All music majors, with exceptions noted below, are required to enroll in MUEN 1411 Concert Choir during the first year of residence. Exceptions to the requirement would include all students pursuing the Bachelor of Music (BM) degree for whom voice or piano is the major applied area.

To achieve junior standing in the curriculum leading to the Bachelor of Arts degree with a major in music and the Bachelor of Music degree, the student must have completed 66 hours and must have maintained a cumulative GPA of 2.0 in all music courses, with the exception of ensemble, by the end of the fourth semester. The student must also have earned a grade average of at least 3.0 in the major applied field of study during the sophomore year. This standing is a prerequisite to all courses numbered 3000 or higher in music.

Pursuant to enrolling in applied music courses, all music majors must audition for the music department faculty. Private study of the primary voice/instrument for music majors requires the successful completion of an audition for the instructor and consent of the Department of Music. Music majors are expected to own their own instruments. Some instruments are provided for student use only in certain circumstances and at the discretion of the music department.

Piano Proficiency Requirement: Students pursuing a Bachelor of Music degree must pass a piano proficiency examination upon entering the University of Arkansas or must register in piano classes until this requirement is met. Students with previous piano training may take a piano placement exam and be advised to omit one or more semesters of Class Piano (MUAC 1231, MUAC 1232, MUAC 2231). Students will receive college credit for the omitted class piano courses if they validate their higher placement by passing an advanced piano course with a grade of “B” or better.

On the basis of prior study in music, a student may be advised to omit one or more semesters of Aural Perception (MUTH 1621, MUTH 1631, MUTH 2621). Students will receive college credit for the omitted aural perception courses when they have validated their higher placement by passing the course in which they are placed with a grade of “B” or better.

1) No degree credit is awarded for the following: A world language course at the Elementary (1003) level if the student is continuing with a language taken in high school or did not complete two years of a world language in high school; Remedial courses that begin with a ‘0’ in the course number, e.g. MATH 0003; Any duplicate coursework where credit hours are counted more than once. 2) Students must earn at least 60 degree credit hours in courses numbered 1000 or higher. Included in these 40 hours can be courses numbered 2000 or higher if each course has a specific course designation as a prerequisite. These courses may be taken from other colleges or universities. 3) Students must earn at least 30 degree credit hours numbered 1000 or higher at the University of Arkansas - Fayetteville campus. 4) Fulbright students must earn at least 30 degree credit hours in courses offered by departments in Fulbright College at the University of Arkansas - Fayetteville campus, with at least 24 degree credit hours numbered 2000 or higher. 5) A student graduating with a major or minor from Fulbright College must have completed a minimum of 50% of degree credit within the Fulbright College major or minor department through courses completed at the University of Arkansas - Fayetteville campus. Students should review individual departmental requirements to verify if a higher percentage is required by their specific major or minor department. 6) Students who transfer into the University may not present more than 68 lower-level hours (1000 and 2000 level). 7) Students will not be allowed to graduate if they have grades of “D” or more than 25 percent of the hours presented for graduation credit.
