

## Major Map for Bachelor of Arts in Music (MUSCBA) 2020-2022 Catalog Years

Last Updated: May 17, 2022

### Department Information:

Faculty who have exception/substitution authority: Lia Uribe and Ronda Mains (Ronda Mains addresses all transfer credit petitions)

Director of Admissions: Justin Hunter (while Music BA majors are not required to audition to declare the major, they will need to eventually audition for lessons placement. Dr. Hunter can assist with this, and students can learn more about the process [here](#).)

Transfer Coursework Restriction: At least 50% of a student's Arts and Sciences (ARSC) major or minor must be taken at the University of Arkansas.

GPA (Grade Point Average): Every student must have at least a 2.00 cumulative grade point average to be eligible to graduate from the University of Arkansas.

Please visit <https://catalog.uark.edu/undergraduatecatalog> for an extensive list of core, major, graduation, and pre-requisite requirements. To read more about individual classes, visit the [courses of instruction](#) page for course descriptions.

HONORS	<u>Requirements for all honors Music majors:</u>	

	<p>The Departmental Honors Program in Music provides upper-division undergraduate students an opportunity to participate formally in scholarly, creative, or performance music activities. Honors candidates carry out independent study, research and performance under the guidance of the music faculty and participate in special honors classes and seminars. They must take 12 hours (which may include 6 hours of thesis) in Honors Studies.</p> <p>Each honors student will be required to select an honors committee. The committee will be comprised of the honors thesis adviser (a Music Department faculty member and major teacher in the area of the honors project), a second faculty member from the Music Department chosen by the student, a member from outside the music department chosen by the student, and a member of the Honors Council appointed by the Honors College. This committee is responsible for hearing and seeing the work of the student in the area of the honors project and will administer the oral examination to the candidate at the end of the last semester of the student's work. The committee then recommends to the Honors Council whether or not the student receives honors in music. Outstanding student achievement will be recognized by awarding the distinction "Music Scholar <i>Cum Laude</i>" at graduation. The award of higher degree distinctions is recommended only in truly exceptional cases and is based upon the whole of the candidate's program of honors studies. The student may elect to do the honors project in one of six areas: performance, music history and literature, theory, composition, music education, or ethnomusicology. Honors work may be done in an area other than the student's major area that is, a student majoring in voice performance may elect to do honors work in music history, theory, or composition, etc.</p> <p>If a student wishes to devise his or her own honors project in consultation with a supervising professor and with the permission of the department chair, he or she may be granted honors. If a student wishes to combine work in more than one field and if the committee approves, he or she may be granted honors in more than one area, although the designation on the diploma will read "in music."</p> <p>The requirements for work in each area are as follows:</p> <ol style="list-style-type: none"> <li>1. Performance       <ol style="list-style-type: none"> <li>a. 2 semesters of <u>MUAP 310VH</u> or <u>MUAP 410VH</u>, with concurrent registration in <u>MUAP 3201H</u> and <u>MUAP 4201H</u></li> <li>b.
