

Major Requirements for a Bachelor of Social Work

- The Bachelor of Social Work (BSW) is designed to prepare students for beginning generalist social work practice. It is a very structured major that requires an application prior enrolling in the Professional Social Work Core.
- Pre-Social Work (PSCWK) identifies that a student has declared Social Work as a major but has not yet been accepted into the Professional Social Work core.

The courses in this column are what keep you on track for the BSW and should be the first priority, while completing your semester schedule with other requirements.

The courses listed in this column are graduation requirements but should be used to fill in each semester after the left column courses have been selected.
