Notes:

The **Retained** column shows the percentage of students who continued to be enrolled at UofA the next fall.

The **Graduated** column shows the cumulative percentage of students who graduated from UofA by the end of that year.

All percentages are relative to the respective adjusted cohort.

For example: The **6th Year Retained** column shows the percentage of students from the 6th Fall adjusted cohort who continued to be enrolled at UofA in the 7th Fall. The **6th Year Graduated** column shows the percentage of the students from the 6th Fall adjusted cohort who graduated by the end of the 6th year (this is the 6 year graduation rate).
