ADMINISTRATION

Director, Diane D. Blair Center of Southern Politics and Society (2015-current)

The Blair Center is an endowed interdisciplinary research that supports and promotes the critical, interdisciplinary study of the politics and culture of the American South past and present. The key initiatives of the Blair Center include:

- The Blair Center Poll (BCP) is a presidential election year survey which includes an oversample of southern, African American, and Latino respondents and examines political behavior and attitudes.
- The Arkansas Poll, under the direction of Janine Parry, is an annual statewide public opinion survey of Arkansas residents.
- The Blair Legacy Series is a bi-annual conference series held in the fall of odd-numbered years. An invited group of interdisciplinary scholars examine the legacy of key figures, events, and movements in southern politics and history and publish conference proceedings in book form edited by the conference organizer. Past conferences include: President Bill Clinton (2000), President George W. Bush (2007), V. O. Key (2009), C. Vann Woodward (2011), J. William Fulbright (2013), 2nd Wave Feminism (2015), Chicano Rights Movement (2017), the Elaine Race Massacre (2019).
- The Blair Spotlight Series brings influential public figures to the University of Arkansas campus to reflect on their journey from student life to the national spotlight.

- The Minor in Southern Studies (SOST) launched in Fall 2015, includes an interdisciplinary introductory course, as well as electives in history, English, political science, and sociology, and emphasizes critical analysis of the region and its relationship to the nation.
- The Blair Graduate Fellowships fund graduate students in the departments of English and history.
- The Blair Faculty Summer Fellowships support one faculty member in the humanities and one in the social sciences conducting research on the South.
- Our Co-sponsored programs support programming in African American Studies, Latin American Studies, Gender Studies, as well as mentoring events at national academic meetings.
