Acknowledgements

This project was made possible by support from the University of Arkansas’ Chancellor’s Office through the Discovery, Creativity, Innovation, and Collaboration Fund.

We would like to thank all the project participants for their cooperation and support of this study. This work represents the culmination of a yearlong discussion with service providers throughout Northwest Arkansas who deal with the complexity of the food insecurity problem every day. Without their support and guidance this report would not have been possible.

We want to thank Diana Cascante, Jill Neimeier, Jessica Paschal, and Community and Family Institute research staffers, for their contribution to this project, as well as the undergraduate students who were part of the social corps teams.

The work of the Community and Family Institute is supported by in-kind support of the Department of Sociology and Criminology in the J. William Fulbright College of Arts and Sciences.

Project Outline

Having previously implemented and executed two comprehensive surveys examining food insecurity, nutrition, and health among Fayetteville intermediate students attending Owl Creek (Fitzpatrick et al. 2009), and Springdale high school students (Fitzpatrick et al. 2015), the current work examined food insecurity at several levels of aggregation in Washington County. The first part of the project entailed cataloging the 32 census tracts in Washington County based on their risk for being food insecure. A food insecurity risk scale was created using 16 social, economic, demographic, and housing variables that all have been associated with food insecurity, poverty, and social risk at the community level. A single, valid and reliable risk index was created and of the 32 census tracts in Washington County, ten were categorized as high-risk; census tracts that were likely to contain high levels of food insecurity. A map was generated for Washington County that indicated three types of census tracts, those that were at high risk (red), moderate risk (yellow) and low risk (green). The focus for the rest of our work was on the high-risk census tracts.

After identifying the high-risk census tracts, a trained research corps was deployed to carefully and systematically catalog the built environment in these census tracts with a particular eye toward noting specific places in these census tracts that either served as catalysts or impediments to developing neighborhood food distribution centers; neighborhood food hubs. Researchers drove and walked through these census tracts taking careful notes, pictures, with the goal to identify specific areas that would be ideal for creating a neighborhood food hub.
Washington County Food Insecurity Risk Index

Goal: Create a food insecurity risk index from a collection of community indicators that have been noted in prior literature as correlates of food insecure neighborhoods.

In order to create the food insecurity index, we obtained information from the American Community Survey and the Washington County, AR tax records. From this data, we gathered a variety of socioeconomic and sociodemographic variables that are typically correlated with food insecurity vulnerability. Our analysis focused on the 32 census tracts in Washington County, AR.

This index contained the following variables for each tract:

- Population per square mile (Population Density)
- Median family income
- Percent of the population unemployed
- Percent of the population < 19 years of age
- Percent of the population 65 years +
- Percent of the population Hispanic
- Percent of the population Nonwhite
- Percent of the population 25 years+ < High School Degree
- Percent of the population 25 years+ B.A.+
- Percent of female householders
- Percent of the population with disabilities
- Percent of households receiving food stamps
- Median gross rent
- Percent vacant housing
- Percent of renter-occupied units
- Median Home value
- Percent of households with no vehicle
- Average tax parcel value in tract
- Percent of families living at or below the Federal poverty level
After compiling this data, we recoded each one of them by using their quartiles as a guide. The categories with “No Risk” (1st Quartile) were coded as 1, “Low Risk” as 2, “Moderate Risk” as 3, and “High Risk” (4th quartile) as 4. For example, census tracts that had a low median family income, were coded as 4 and those with high median incomes, where coded as 1. The index was normally distributed with a Cronbach’s alpha = .857, indicating that the index was reliable.

Lastly, we created a final variable called “Risk Index”, which summed the previous variables together in an effort to find which tracts in Washington County were at greatest risk. We examined the frequencies for that variable and divided it into thirds. Those three categories were: tracts that scored less than 32 (Low Risk), tracts that scored between 32 and 45 (Moderate Risk), and census tracts that scored 46+ (High Risk).

**Block Group 1:**
- Railroad goes all the way through this block group.
  - Large factories, including Tyson.
  - Bayyari Elementary
    + Within a very large neighborhood
    + Large green open spaces surrounding it.
- Lots of large streets without any sidewalks surrounding block group. Largely inaccessible except by car.
  + Neighborhoods generally have sidewalks
  + Neighborhoods are also well lit by street lamps.
  - Grocery stores included Kum and Go and a couple other smaller convenience stores.
  - Very rural area.

**Block Group 2:**
- Jones Center for families
  + Large very open areas surrounding the center.
- Springdale Christian Church
- Lots of sidewalks in and around this block group
- Groceries include El Patron Market, Iglesias Market and King’s express convenience.
- A bike lane goes through this block group
  + Sidewalks consistent throughout most of the residential areas
  + Densely populated area around Vida, also many large open spots.
- Frist Church
- On Shiloh
  + Huge green spaces
  + Right next to the bike trail
Block Group 1 – Photos

1. Scottsdale and Tucson Loop
   + Bayyari Elementary School
   Right across from a neighborhood full of high density housing. Very walkable

2. Basin St and Wheatland Drive
   • Example of the main neighborhood of this BG
3. Mountain Road and Kawnee Drive
   - A large plant or office space of some kind. Typical of this BG.

4. Huntsville Ave and Old Missouri Road
   + EZ Mart Convenient Store
5. N Monitor Road and E Monitor Road
   - Nicer house with land around it. Many of the houses on the east end of this block group are farmhouses or houses with a lot of land

6. Emma Ave and Old Missouri Road
   + 3 churches within 200 ft of each other. Well-lit and close to downtown Springdale
7. Emma and Willella Place
   + Jones Center for Families – a quality community center used for a variety of events.

BG1 was mainly large businesses (such as Tyson) with just one main neighborhood. Very few places in the area for grocery shopping, or any shopping for that matter.

Block Group 2 – Photos

1. Thompson and Oak Ave
   + El Patron Food Market
2. Thompson and Sanders Ave
   + Bike path that cuts through the middle of BG2

3. Sanders and AQ Circle
   - Apartments in the main neighborhood of this BG
4. Ritter and Sanders St.
   + *Vida Abundante* – large church in the middle of this neighborhood. Seems to be a neighborhood center

5. Randall Wobbe and Lowell Road
   - Example of the high density housing in the area
6. Thompson and Randall Wobbe
   - Abandoned building

7. Thompson and Creek
   + Kings Express Convenient Store
8. Bailey and Fraker
   + First Church of Christ Scientists – they already run a community meal program every Wednesday according to their sign

9. Between Ritter and Lowell
   + What appears to be a community garden. It could just be someone’s large garden but it looks like it is a community garden.
10. Mill St and Huntsville Ave
   + Large park where the bike path cuts through. Beautiful area and right off of a main road.

This CT is bisected by a railroad, causing possible barriers. Both were not very residential with many large businesses and empty space
Census Tract 103.01
Block Group 1:
+ Sidewalks on Caudle
- Not many sidewalks – Shipley
- Block group cut in half by railroad
  • Straight store fronts for much of the block group
  - Area not very pedestrian friendly.
    - Sidewalks are limited, and where they are present
      they often end abruptly or are only present in a single neighborhood.
  • Caudle Baptist Church
    + Big, empty green lot directly next to the church. located near large
      neighborhood.
+ Bike trail on Powell
• Jones Elementary
  + Lots of green open space near the school.
+ Large green lot on Ewalt and Powell
• Iglesia Fe y Poder Church
• Grocery/Convenience Stores include: 10 Box Plus grocery, EZ Mart, Mi Tienda
  Supermarket, and Los Abuelos Market.

Block Group 2:
+ Consistent sidewalks on Missouri Road.
  - However, this street is very busy, so it’s unlikely pedestrians feel comfortable
    walking here frequently.
  • Grocery/Convenience Stores include: La Michoacana, Sierra Market, and some
    convenience stores/gas stations.
  • Old Missouri Road Baptist Church.
  + Many large, empty, green lots on Missouri Road.
  • New Horizon Church
  • Part of this block is made up of a much wealthier section of neighborhoods that are all
    called Renaissance.
  + The railroad does not go through this block.
  + The bike trail from Powell is also present in this block.
  • Mary Frances George School
    + Lots of large green space surrounding this school.
  • Gene George Elementary School

Block Group 3:
- Not many sidewalks, neighborhoods are sparse however and most are large houses.
+ Bike trail goes throughout this block group
  • Most of the residential areas within this block group are large and wealthy looking.
  • Only one church within this block group, the Springdale Church of God
  • No grocery stores within this block group.
  + Many large green lots spread in between the houses. Many sparse areas in general
    throughout this block group.
  • It seems this block group’s residential area is wealthy and would be unlikely to need a
    food distribution area.
Block Group 4:
+ Lots of sidewalks on Turner.
+ Consistent sidewalks throughout most of the neighborhoods.
- The sidewalks tend to stay within the wealthier neighborhoods, and end when going into the lower income housing.
  • Many nice houses and neighborhoods in this block.
  • Apartment complexes are present in this block, alongside the lower-income housing and neighborhoods.
  • There is a trailer park present in this block, in between two car dealerships.
  • Grocery/Convenience Stores include: a Walmart, Asian Amigo Supermarket, a Casey’s, Shiloh Gas Station

Block Group 1 – Photos

1. Thompson and Robinson
   -- This large Georges chicken plant takes up much of the block group
   -- Serves as a potential obstacle to people crossing the block group
2. Thompson and Sunset

4. Old Missouri and Robinson
   - Tyson office space, could be an interesting partner
5. Dusty and Old Missouri
   + Angela’s Bakery – also a small grocery store inside

6. Elway and Old Missouri
   + Old Missouri Road Baptist Church – large green space in front of church
7. Elway and Old Missouri
   - Typical neighborhood of the block group
   - Again a lack of sidewalks – however as the houses get nicer in the block group, the more sidewalks appear

8. Old Missouri and Don Tyson
   + New Horizon Church – again a church with large greenspace in front
9. Sweetgum and Goldenmeadow
   • Nicer neighborhoods on the south of the block group

10. Powell and Charles
    + Bike trail through the block group
11. Mary Frances George JHS
   - Directly next to another elementary school as well. Could be an interesting clientele to cater to

12. Brookhaven Apts
   - Large apartment complex in the middle of the block group. Very accessible from the roads through the block group
13. Village Lane
   - Typical neighborhood that is more middle class than the other neighborhoods of the block group

14. Aspenridge and Sierra
   + Ven Mart – a place to buy groceries in the block group
Block Group 3 – Photos

1. Spyglass Drive
   - Large houses that are found all over this block group

2. Southland Drive and Powell
   + The bike path also goes through this area
3. Clearwood and Powell
   + Springdale Church of God – only church in the block group

BG 3 does not appear to be the clientele that would benefit from food distribution. It is mainly Lake Fayetteville and neighborhoods of large, newer houses.

**Block Group 4 – Photos**

1. Church on Robinson
   + Iglesia de Jesuchristo Palabra Miel
2. Thompson and Purtle
   + Career services center – possible place to market to for some participants

The following 7 pictures are all along Thompson going northbound from Black Oak – this road is VERY busy
4. Thompson
   - Large car dealership

5. Thompson
   - Route 66 convenient store
6. Thompson
   + Public Health village that could be interesting to partner with so people who are coming for food could also get medical care

7. Thompson
   - Another large auto care business
8. Thompson
   + Compassion Center – a church run store that contains a thrift store and other services

9. Thompson
   + Asian Amigo Supermarket
10. Thompson
   + Aldi Market

    - Located near residential area with mixed lower-middle range housing.
    - Two medium sized parking lots.
    - Sidewalk access, and crosswalks at the intersection.
    - One street lamp in parking lot.

Block Group 4
  + Elmdale Baptist Church on W. Huntsville Ave. and N. West End Street
    - Large Parking lot.
    - On the border of BG4 and BG5, so it could serve both block groups.
    - Sidewalk access, and crosswalk at intersection.
    - Located next to Elmdale Elementary School.

  * Elmdale Elementary School on N. West End Street
    - Well-lit parking lot.
    - Medium parking lot, but possibly busy due to drop-off and pick-up traffic.
    - Sidewalk access.

Block Group 5
  + Agape Fellowship on W. Huntsville Ave. and N. West End Street
- Large well-lit parking lot.
- Sidewalk accessible.
- On the border of BG4 and BG5, it could serve both block groups.

Block Group 1:
• Springdale High School – Huge. Takes up a large portion of this block group and has many open areas.
  • Grocery stores include: Asian Market, Kum and Go Convenience Store, and Mary’s Natural Food Grocery Store.
  + Lots of sidewalks throughout this block group.
  - Most neighborhoods are not well lit, and would be dark at night.
  • Pleasant Place apartment complex directly next to Springdale High School.
  • Marshallese United Church of Christ
  • Springdale Youth Center and Springdale Park
    + Both of these locations are next to each other and offer very large open areas.
    Possible location for a food distribution center.
  • Yakwe An Jesus Church
  • Immanuel Baptist Church

Block Group 2:
• First Presbyterian Church
  + Lots of large green areas near this church.
• Spring Fellowship Church
• Central Junior High School
• Apostolic Life Church
  - Sidewalks only seem to border the block group, and rarely run through the neighborhoods.
  + Lots of open area in this block group. Green space is not limited.
  - There are no lighted telephone poles or lamp posts in the neighborhoods. The neighborhoods would be unlit and dark at night.
• Apartment complexes on Campbell appear to be less well kept than their housing counterparts.
• Fellowship Bible Church
  + Good possible location! Lots of space by this church. Large green fields and open area.
• St. Gabriel’s + Salem Lutheran Church are two churches that are located directly next to each other. In addition, Salem is very large with lots of open space.
  + Both churches are located within a neighborhood and could be easily accessible to those who live in this neighborhood and nearby ones as well.
• No apparent grocery/convenience stores anywhere within this block group.

Block Group 3:
+ Consistent sidewalks throughout most of this block group
  - Sidewalks localized throughout the wealthier neighborhoods however, and less of them within less affluent neighborhoods.
+ The railroad tracks don’t cut through this block group
• Turner Street Baptist Church
• Housing in neighborhoods like Quail Run (Large, affluent looking) seem to representative for much of the housing in this block group.
+ The Powell bike trail goes through this block group.
  • Springdale Church of God
    + Large grassy areas near this church
  • Westwood Elementary
  • Grocery stores include: Harps and an EZ Mart.

Block Group 2 – Photos
This Block Group is one large neighborhood with a lot of churches. That is what is displayed in these pictures

1. Gutensohn and Westwood
   • First Presbyterian Church
2. Gutensohn and Washington
   • Iglesia de Cristo

3. Sisco and West End
   • Example of housing in the neighborhood

4. Newell and Theodore
• Apartments in the middle of the area. Near 3 churches

5. Campbell and Horseshoe
   • More Housing in the neighborhood

6. Newell and Emma
• St Gabriels’ Anglican Church

7. Newell and Emma
   • Salem Lutheran School

8. Crew Pl and Washington
We thought Fellowship Christian Church would be a location to look further into because it is on a large tract of land, in a central location in the block group and seems to offer more than other churches in the area. Also, sidewalks, again were very sporadic, but they were always present around churches.
Block Group 3 – Photos

1. McCray and Geneva
   • Westwood Elementary

2. Geneva and Frederick St
   • This is an example of what most sidewalks do in this CT. They continue for a few feet at a time then they end abruptly in someone’s yard. Creates a hazard and shows the inconsistency in the built environment

3. Sunset and Carlton
• EZ Mart in the south part of BG

4. Sunset and Gutensohn
   + Harps grocery store on the far end of the BG

In block groups 2 and 3, there was very little lighting in the neighborhood. In block group 2 we saw only 1 street light. This is a possible barrier as well.

The southern and northern border are very busy streets in BG

Census Tract 104.03
Block Group 1
• 10-Box Cost Plus on the corner of W. Sunset Ave. and Thompson has limited sidewalk access and no cross-walks, but it is a discount grocery store in a good location.

W. Sunset Ave. has non-consistent sidewalks, no Ozark transit bus stops, and limited crosswalks. This street is also not well lit by street lamps.
  - This street does have many grocery options including: EZ-Mart, Kum & Go, Harps, Walmart, and Walgreens.

+ Saint Raphael church on the corner of W. Sunset Ave. and S. West End is a well-lit location with sidewalks and crosswalks to allow easy access.
  - St. Raphael has a large parking lot and is surrounded by green space.
  - The church is opposite to the Sunset Ave. Apartments.

+ Church of Christ on the corner of W. Robinson Ave. and S. West End has a large parking lot that is well lit.
  - The church is located across the street from a Walmart Supercenter.
  - This location is accessible by sidewalks, and there is a crosswalk at the traffic light intersection of S. West End and W. Robinson Ave.

- Carley Road has sidewalks from W. Don Tyson to Magnolia Drive, but the rest of the street is without sidewalks. There are no street lamps.
  - There is a combination of large ranch-style estates and moderate to large single-family dwellings.
  - There is a crosswalk located on the intersection between Carley Road and Chapman Ave.

Block Group 2

+ John Tyson Elementary on the corner of Chapman Ave. and Cambridge St. has a large parking lot, and green spaces.
  - The school has sidewalks that are well lit, and a crosswalk on the corner.
  - It is located in a rural area that may be out of the way for some.

- Main Street has no sidewalks, street lights, or railroad crossing lights. The road is very curvy and could be dangerous to walk.

+ Church of Christ on Elmore Street has a large parking lot in the back.
  - The church is located on a hill which may be a deterrent.
  - There are no sidewalks or crosswalks near this location.
  - The street is not well lit.

• Temple Baptist Church on Cambridge St. is accessible by sidewalk, but there is no crosswalk near this location.
  - The church is located next to the Tyson plant.
  - There is a large green space and parking lot.
  - It is in a rural location that is spatially distance from the residential hubs.

• City Park/Police Department on Main Drive has a medium size parking lot and green space.
  - There are no street lights or sidewalks on the side of the park.
  - There is a crosswalk in between the park and the police department.
First Assembly of God on the corner of W. Robinson and S. West End has a large parking lot and green space.
  - There are sidewalks down W. Robinson, and a crosswalk at the intersection of W. Robinson and S. West End.
  - The area is well lit from street lamps.
  - The church is close to a modest lower income neighborhood and an apartment complex on S. West Ave.
  - This location is just down the street from Walmart.

- Options for groceries include: Walmart Supercenter, Walgreens, CVS, Aldi’s, and Johnson County Store.

**Block Group 3**
- Options for Groceries include: Casey’s General Store, EZ Mart, Dollar General, and Family Mart.
- S. Thompson Street is not residential. There are not sidewalks, street lamps, or crosswalks.
- Mobile Home Community on Shady Grove has paved roads, and well-kept yards. The neighborhood is well lit, but there are no sidewalks leading to it.

**Block Group 1 – Photos**

1. St. Raphael Catholic Church at West End and W. Sunset Ave
   + 2 Driveway entrances, sidewalks, crosswalks, well-lit
   + Sunset apartment adjacent
2. Robinson Ave church at Robinson Avenue and West End St.
+ Crosswalks with crossing signals, sidewalks, well-lit area, adjacent to Walmart

Block Group 2 – Photos

1. First Assembly Church at W. Robinson Ave.
+ Crosswalks with crossing signals, sidewalks, well-lit area, next door to Walmart, big parking lot
2. Johnson City Park and City Hall at Main Dr. and Wilkerson Rd
+ Crosswalks with crossing signals, can serve as a place for BG2 & BG3
Block Group 3—Photos

   + Crosswalks, sidewalks  
   - No crossing signals, not a lot of houses or apartments

2. Shade Groove Family Mart on Shade Groove Rd  
   + Big parking lot  
   - No crosswalks, no sidewalks
Block Group 1:
+ Garland Ave from Poplar St to North St has sidewalks and bus stops
+ Plenty of places to park at either Harps or the Strip of businesses across from Harps
+ Leverett St from North St to Poplar has many Razorback Transit bus stops/routes and sidewalks.
  - Many apartment complexes up Leverett
    - The street varied between new apartments to more run down or older apartments.
  - It appeared that most streets between Leverett and Garland within the block group did not have sidewalks.
+ Tri Cycle Farms is located at Garland and Sycamore with a lighted crosswalk across Garland
+ Trinity Methodist is located at Garland and Sycamore near a bus stop
  - Sidewalks end on Sycamore between Leverett and Garland, possibly making it difficult for people to walk from Leverett area/other side of creek to Garland
+ Places to buy groceries include Harps, Dollar General, a small International Grocery Story, and a Conoco gas station.

Block Group 2:
- Primarily residential area
- Several apartment complexes and other rental housing
  + Sidewalks running along complete perimeter of block group
  + Razorback Transit bus stops down Leverett Ave between Maple and North St.
  + Fire Station located on Garland between Eagle St. and Cleveland St.
    - Easily accessible for residents that live on the hill.
  + Trail runs along Gregg St.—east perimeter of the Block Group
    - This block group is up and along the hill that leads to U of A campus – this hill could be a barrier for foot traffic
  + Some churches located near/on campus: St. Martin’s, St. Thomas, Chi Alpha, Mt. Comfort, Unitarian Universalist, etc.
- Places to buy groceries include Walmart Express (on campus)

Block Group 3
- Garland Ave from Poplar St to Drake St does not have sidewalks and is a busy highway
  + Off Garland there is an agricultural park that connects with the trail
  + Gregg St from Poplar St to Drake has sidewalks and is a mix of business and industrial.
    - This section of Gregg runs alongside the railroad
  + Set of apartments off Quality Ln, I believe, have a bus stop and run alongside the trail.
+ Razorback Transit red bus route has a couple of stops on Gregg; Blue bus route has a couple of stops off of Drake around Food Science part of campus
+ Gordon Long Park is located at Drake and Gregg and has trail access
+ Places to buy groceries include: Shell Station on Gregg and Sunbridge

**Block Group 4:**
- Poplar St is mostly industrial, particularly once you cross the trail to the East and go towards Gregg
- Ash St is primarily industrial with some possibly empty warehouses
- Dawn St is residential with apartment, duplexes, and some homes
- Sycamore from Leverett to Gregg is residential with one strip of businesses
  - Yoga Deza parking lot on Sycamore is semi-central within the block group
  - Lighted crosswalk for where the trail crosses Sycamore
- St. James Baptist Church located on North and Leverett – close to trail
- Central Baptist Church off of Gregg, near Holly St.
- Club Creek apartments on Sycamore have security cameras, potentially meaning there has been break-ins or thefts
- Several Razorback Transit bus stops/routes along Leverett and some along Poplar St.
- Trail runs through the middle of this block group
- Walked along the trail that goes through this block group and it appears that businesses will be opening along side the trail, and there was plenty of foot traffic around us while we walked.
  - There is a trailer park on Poplar St. with several permanent trailer homes, many run down or unkempt
- Places to buy groceries include: Phillips 66 on North and E-Z Mart on Leverett and Poplar,
Block Group 1 – Photos

1. Bus stop at the corner of Melmar and Leverett. There are several bus stops and routes that run through the entire tract

2. One of the buses running down Melmar
3. Tri Cycle Farms, located at Sycamore & Garland – lighted crosswalk right in front to cross Garland.

5. The part of Sycamore between Leverett and Garland – sidewalks end down this fairly busy street, making it difficult to get from the other side of Leverett to Garland near Tri Cycle and Trinity.

Block Group 3 – Photos

1. Trail that runs through much of the tract. This is at the dead end street of Chestnut.
2. Lots of green space around this part of Chestnut Ave. Apartment complex.

3. Park off of Garland Ave – right next to trail
4. Same park and pavilion off of Garland.

5. U of A owned farm off of Drake
Block Group 1 – Photos

1. Subdivision on Dawn and Sycamore – the subdivision is walkable and looks like a mixed bag of houses, some kept up and some not. Possibly a lot of need in this area. Picture taken from a parking lot across Sycamore.

2. Club Creek apartments off Sycamore between Leverett and Gregg (right next to Dawn subdivision)
3. Small abandoned building off of Poplar right beside the trail, near Chestnut, beside trailer park. Nice location, but windows boarded up and tagged.

4. Another view of small abandoned building. Not sure what this was or who owns it.
5. Bust stop at Poplar St.

6. Trailer homes off of Poplar.
7. The E-Z mart on Leverett & Poplar

8. New shops that are popping up on the trail – Trail between Poplar and Sycamore
9. Nice lighted crosswalk on the trail on Sycamore

10. One of the bus stops – indicates that the Red/Reduced and Blue/Reduced routes run on Leverett.
11. Trailer homes off of Poplar
